

HD Series Sludge Dewatering Machine

Application&Feature

Used to concentrate sludge in paper making industry, municipal engineering, etc.

Main Specification

Type	HD-1	HD-2	HD-3	HD-4	Note Pneumatic (manual) adjust deviation, pneumatic (manual) tensioner, anticorrosive processing.
Width Of Net (mm)	1500	2000	2500	3000	
Speed Of Belt (m/min)	1.5-8				
Concentration Of Input Pulp (%)	1.5-4				
Concentration Of Output Pulp (%)	20-30				
Pressure Of Washing Water(mpa)	≥0.5				
Quantity Of Mud (t/d)	110- 280	150-380	210-480	260-400	
Motor Power(kw)	2.2+1.1	3.0+1.5	4.0+2.2	5.5+2.2
