

## ZNX Series Inclined Screw Thickener

### Application&Feature

1. Mainly used for washing and thickening all kinds of paper pulp.
2. Special brush which is synchronized running with screw can prevent filter pore from blocking, good dehydration effect.
3. Dehydration by gravity, low power consumption.

### Main Specification

Type	ZNX1	ZNX2	ZNX3	ZNX8	ZNX9	ZNX12
Nominal Filtrating Area(m <sup>3</sup> )	1 × 1	1 × 2	1 × 3	1.5 × 2	1.5 × 3	2 × 3
Concentration Of Input Pulp (%)	3-4					
Concentration Of Output Pulp (%)	10-14					
Production Capacity (t/d)	12-20	25-40	35-60	40-60	60-90	100-130
Motor Power (kw)	4	4 × 2	4 × 3	7.5 × 2	7.5 × 3	11 × 3
